SCAG President Larry McCallon and Executive Director Hasan Ikhata issued the following statement today regarding the passing of Chief Economic Advisor, Jack Kyser:

"Today we share in the sadness of many as we learned of the passing of Jack Kyser. He was a consummate professional, remarkable scholar and a dear friend.

Southern California has lost a true champion in Jack. His passion, integrity, knowledge and devotion to the study of economics have aided in the development of countless public and private sector contributions. Jack's unique ability to work across sectors and engage diverse groups of stakeholders will be admired and will surely be a part of his continued legacy.

On behalf of the SCAG Regional Council and staff, I would like to offer our deepest regrets and condolences to his family and friends. Jack enriched our lives and our agency and we will sincerely miss him"
